

AMENDMENT #1  
TO  
REQUEST FOR PROPOSALS  
ENGINEERING CONSULTANT

The City of Ingleside issued a Request for Proposals (RFP) in August, 2017 for Engineering Consultant services. The RFP as issued included a due date for the Proposals from interested parties on Monday, September 18, 2017 by 4:00 p.m. at Ingleside City Hall.

Due to the arrival of Hurricane Harvey and the subsequent damage, the City will not be in a position to receive, review and award contracts based on the request for proposal as written. Given the conditions created by Harvey, we will be re-issuing the RFP with expanded services requested very shortly.

If you have any questions, please contact Melissa Byrne Vossmer, City Manager at 361-776-2517. Thank you.
